NEW Tooth Brushing Apparatus

Attorney, Agent or Firm - Anthony S. Brooks

### **ABSTRACT**

The Scrub - A - Brush, Millennium Edition . . .  
And is designed to aid individuals with less than normal mobility in their arms and hands. Working by the compression's of ones jaws. This apparatus also cleans the gums and strengths them. While cleaning both sides of the teeth and tops all at the same time. This apparatus is designed for moderate to healthy teeth and gums. If gums bleed vigorously without ceasing technique should STOP and consumer should consult a dental hygienist for recommendation(s).

The Scrub - A - Brush, M. E. was envisioned to get the young at heart to have more enjoyment in a task that most individuals primarily "CHILDREN" do not usually find enjoyable even though it is vital to good dental hygiene.

TO ALL THE CHILDREN OF THE WORLD, SMILE . . .
